

Functional night lights

For a safe environment

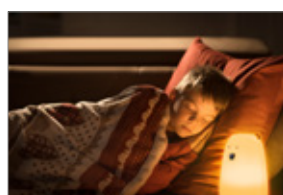

Goobay's durable night lights are versatile and guarantee orientation and safety in the dark: LED night lights in the shape of cute animals are the perfect sleep aid for children and babies. The touch control allows a gentle color change and thus creates a relaxing atmosphere. Energy-efficient LED nightlights for the socket, on the other hand, additionally ensure perfect orientation in your own home in the evening. There are also reliable companions outdoors - the foldable LED camping light with 4 light modes ensures brightness for all outdoor activities.

Plug-in LED Night Light

with 3 operating modes (On, Off, Auto), automatic twilight sensor and safety socket (type E/F)

- Energy-efficient plug-in night light with 3 daylight white LEDs (6500 K, 0.5 W, 6 lm) and a twilight sensor that automatically switches on the lamp when the light level falls below 21 lx.
- Slightly turning the outer ring switches the LED light on and off and activates the twilight sensor (auto mode).
- Perfectly suited as an orientation light and for discreet, glare-free illumination of the hallway, bathroom, bedroom, youth room, cellar or stairs.
- The LED lamp is a pass-through socket that can be connected to another device with 250 V (AC), 16 A and max. 3680 W via the same mains socket.
- Thanks to its compact design of 82 x 82 x 72 mm, the nightlight does not cover adjacent sockets.
- For extra safety, the LED night light is equipped with finger-safe protection against accidental contact.
- The LED night lamp made of robust plastic is approved for indoor use only according to protection class IP20.
