

The 3-in-1 protection package

From 0 to safe in mere seconds

Robust, reliable and secure: The brand-new bundle from 3sixT is a real life saver for the iPhone 15 series! The carefree 360° package includes a bumper case, screen protector and camera protector. It only takes seconds to apply the high-strength screen protector with ultra precision and, thanks to the included applicator tool, without any air bubbles. The special corner protection provides active impact dispersion for a height of up to 6 metres. For customers, this means no more phone repair services – they have finally found protection that lasts!

3sixT

3sixT 3in1 Protection Bundle

case, screen protector and camera protector, transparent

One of the key advantages of the bundle: With the included applicator, you can easily apply the high-strength screen protector bubble-free. It comes with an extra impact-resistant bumper case and perfectly matched camera protection, creating the complete protection package for your iPhone.

- Thanks to the raised edges and the non-slip sides of the mobile backcover, the smartphone always lies securely in your hand
- The maximum strength screen protector and the MagSafe-compatible phone case include active impact dispersion for up to 6 metres for ultimate protection
- Incl. zero-stress applicator to apply the screen protector easily and precisely and to avoid the formation of air bubbles
- The lens protector completely covers the lenses and provides effective protection while maintaining full photo quality
- The iPhone 15 case is compatible with the Apple MagSafe and Qi inductive charging systems
- Supplied in high-quality retail packaging
