USB-C™ PD GaN Dual Fast Charger 30 W

1x USB-C™ port (Power Delivery) and
1x USB-A port (Quick Charge)

PERFORMANCE

With 30 W of power, the charging adapter is specially tailored to small devices such as smartphones, Bluetooth headphones, tablets or power banks

DOUBLE POWER

The wall charger can be used to charge up to two devices at the same time, e.g. via USB-C™ smartphones such as the Apple iPhone and via USB-A headphones, power banks, etc.

COMPACT

The super-compact and lightweight design fits in any bag and makes the USB-C™ power supply the handy companion when travelling

GAN TECHNOLOGY

Semiconductors with GaN technology allow for faster, more efficient charging and a lighter, more compact design compared to conventional chargers

FAST
With Power Delivery and Quick Charge, the USB charger comes with particularly safe and dynamic charging methods that identify the optimal output power for the connected device

COMPTABILITY
Compatible with smartphone brands such as Apple iPhone, Samsung, Xiaomi, LG, Huawei, as well as tablets such as the Apple iPad or the Samsung Galaxy

SAFE
The integrated protection electronics of the USB-C™ charger protects connected devices against overcurrent, overcharging and over-heating

DIY PROJECTS

Handy soldering aid for a wide range of precision jobs and DIY projects, such as soldering circuit boards, jewellery repair, model making and painting

FLEXIBLE

With four gooseneck arms and crocodile clips for absolutely flexible positioning and a secure hold on the workpiece

SAFE

The insulated crocodile clips increase safety when working with electronics and protect the workpiece from damage

LED MAGNIFIER

Magnifier with 1.75x magnification, 40 LEDs and 100 mm diameter for ideal illumination and optimised working conditions

WITH ACCESSORIES

Ideal as a supplement to the soldering station: with integrated solder holder, soldering iron stand, cleaning wool, flux (soldering resin) and 1x soldering sponge (supplied dry, swells on contact with water)

STURDY

The robust, heavy metal base (approx. 190 x 170 mm) with rubber coating to prevent slipping provides a secure hold while working

USB CABLE INCLUDED

Power supply of the LEDs via USB-C™ – perfect for operation via PC, laptop, power bank or charging adapter (cable USB-A to USB-C™ included, 1 m)

Board Holder with Soldering Iron Stand

soldering stand for circuit boards and workpieces up to 18 cm wide

THIRD HAND

The PCB holder is the perfect third hand for a wide range of DIY projects, such as soldering circuit boards, jewellery repair, model making and painting

SAFE

The soldering iron holder provides a safe place to put the heated soldering iron

360° ROTATION

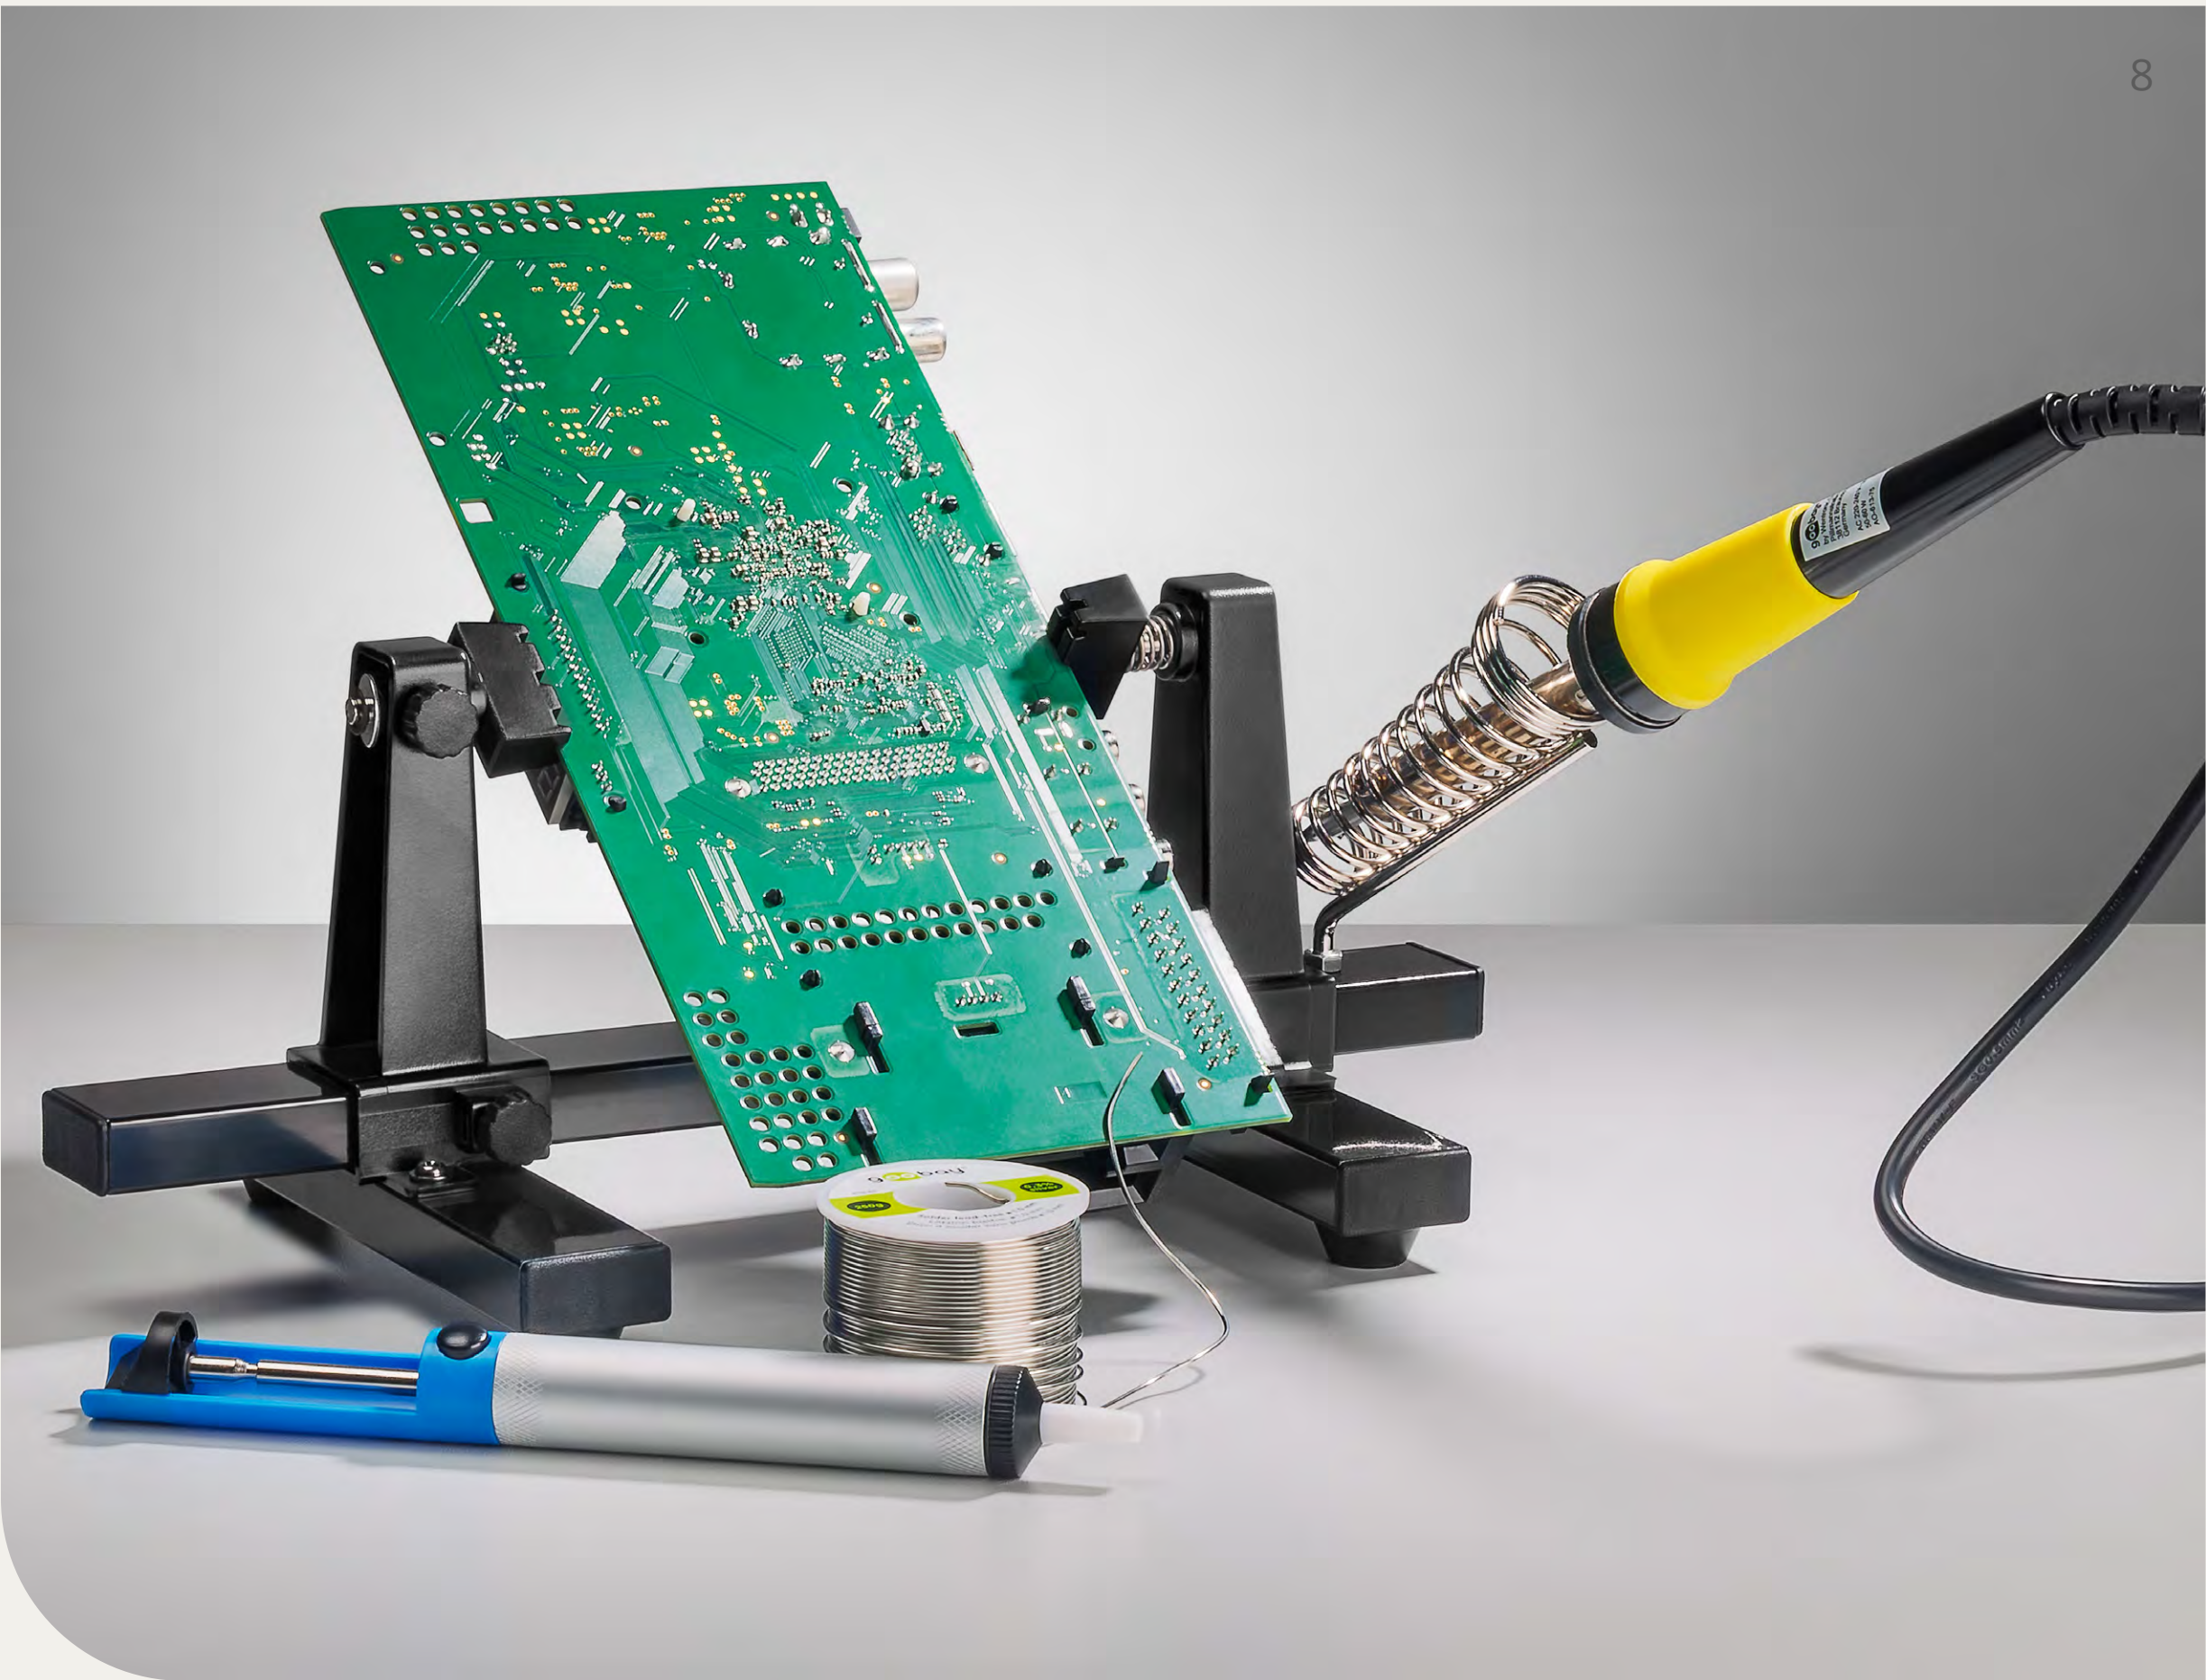

Suitable for PCBs up to 18 cm wide. The workpiece can be up to 13 cm high for a full 360° turn

FLEXIBLE

The flexible clamp arms simply slide into position on the centre rail and can be fixed in place using the locking screw

ALWAYS FITS

With the different widths of the holding notches, the clamping jaws are tailored to fit numerous board sizes

FIRM HOLD

The spring mechanism of the clamping jaw guarantees a firm hold without damaging the workpiece

STABLE

Non-slip rubber knobs on the feet of the soldering aid ensure a secure stand
