

Magic Lights for Cosy Days

Autumn & Winter Highlights

From cosy autumn days to the festive pre-Christmas period – the Goobay light collection turns every home into a welcoming retreat during the dark seasons. In autumn, the outdoor LED candles are the perfect highlights for garden and balcony decorations. In winter, Christmas tree candles, battery-operated Christmas stars and LED real wax candles in a wide range of designs spread their atmospheric Advent magic. Suitable batteries and timers provide powerful accessories that supply the Goobay LED highlights, from fairy lights to light curtains. For pure relaxation in a homely atmosphere!

Goobay

Set of 3 LED Candles "Outdoor"

with 10-button remote control, for indoor and outdoor use (IP44), warm white (3000 K), battery-operated

- With their realistic flickering effect, the white LED candle lights are an eye-catcher for any interior style - in the home, in the garden, on the balcony or on the terrace
- The warm white light creates an atmospheric ambience and the perfect table decoration, party decoration, Christmas decoration and LED decoration for all occasions
- Handy control of the candle set via 10-button infrared remote control: On/Off, timer, 2 light modes, 4-level dimmer, range approx. 6 m
- With timer function: lighting interval of 2, 4, 6 or 8 hrs, automatic repetition in 24-hour cycles
- 2 light modes: romantic candle flicker or permanent light with 4 brightness levels for an individual ambience
- The set consists of 3 flameless LED candles in different sizes (7.1 x 10 / 12.5 / 15 cm) with a matt plastic surface and a realistic-looking black candle wick
- Battery-operated - candles: 2x AA each (6 pcs./set, not included), remote control: 1x CR2025 (included), battery compartment waterproof for outdoor use

Protective Safety Socket with Switch, 16 A

single- | two-pole disconnection, safety plug (type F, CEE 7/7) > safety socket (Type F, CEE 7/3)

- Handy socket outlet adapter for easy switching on and off of household appliances - especially convenient for appliances without their own switch
- Optimised energy efficiency: Switching off prevents connected devices from going into standby mode and therefore reduces power consumption in the long run
- With a current of up to 16 A at an operating voltage of 250 V (AC), the socket outlet is perfectly tailored to most household appliances
- Due to the compact format, adjacent sockets are not obstructed and remain usable
- By glowing, the rocker switch indicates that the adapter plug is activated
- Equipped with plastic covers in front of the contacts for increased touch protection

Outdoor Extension Cable, black, (3*1.5 mm²)

safety plug hybrid (type E/F, CEE 7/7) > 2x safety socket (Type F, CEE 7/3)

- Extension cable for powering household appliances indoors and outdoors as well as for equipping cable drums
- Handy solution to extend a single socket to two connections
- Splash-proof according to protection class IP44, suitable for damp rooms and temporary outdoor use, e.g. as power cable for a lawn mower
- Self-closing lids covering the sockets provide special protection against dirt and moisture
- Light-duty rubber sheath cable with high flexibility even at low temperatures, suitable for light mechanical strain
- Oil, heat and cold resistant, outer diameter approx. 9.5 mm
- Plugs tested by VDE and TÜV Rheinland, max. load 3680 W at 230 V (AC) and 16 A

Due to increased temperature load, only operate in uncoiled condition!
